CHRIS LASCOLA: Thank you.

10 My name is Chris Lascola, L-a-s-c-o-l-a.
11 First, I'd like to start by -- it's kind of
12 surprising that meetings of this sort on such importance,
13 that there's only one person at the table here, and I'd
14 also like to say that I came from South Lake Tahoe, and
15 the sentiment is somewhat the same there from a lot of
16 the folks in the community in regards to this site being
17 at Yucca Mountain. It's greatly opposed, and the reason
18 we moved to areas of such sort in the Sierra Nevada and
19 around it is for the quality of life, and the belief is
20 that a site like this will only degrade the quality of
21 life in and around the Sierra Nevada.
22 That's all I have to say.
